

Between Meer Technologies LLC

And Akash Jhangiani with Meer Technologies LLC.

Contract Start Date: 03/02/2020

Contract End Date: 04/05/2021

Client ID: 211314

Contract ID: 22171

Summary:

We'll always do our best to fulfill your needs and meet your expectations, but it's important to have things written down so that we both know what's what, who should do what and when, and what will happen if something goes wrong. In this contract, you won't find any complicated legal terms or long passages of unreadable text. We've no desire to trick you into signing something that you might later regret. What we do want is what's best for both parties, now and in the future.

So in short;

You Akash Jhangiani, located at 2395 hwy 6 s. Ste a2, Houston, Texas 77077 ("You") are hiring us Meer Technologies LLC ("We or Us") to:

Design and develop an introduction website for the business.

For the estimated total price of \$1,000.00 as outlined in our previous correspondence.

Of course, it's a little more complicated, but we'll get to that.

What do both parties agree to?

You: You have the authority to enter into this contract on behalf of yourself, your company, or your organization. You'll give us the assets and information we tell you we need to complete the project. You'll do this when we ask and provide it in the formats we ask for. You'll review our work, provide feedback and approval in a timely manner too. Deadlines work two ways, so you'll also be bound by dates we set together. You also agree to stick to the payment schedule set out at the end of this contract.

Us: We have the experience and ability to do everything we've agreed with you and we'll do it all in a professional and timely manner. We'll endeavor to meet every deadline that's set and on top of that, we'll maintain the confidentiality of everything you give us.

GETTING DOWN TO THE NITTY GRITTY

Design

We create look-and-feel designs and flexible layouts that adapt to the capabilities of many devices and screen sizes. We create designs iteratively and use predominantly HTML and CSS so we won't waste time mocking up every template as a static visual. We may use visuals to indicate a creative direction (color, texture, and typography.) We call that 'atmosphere.'

You'll have plenty of opportunities to review our work and provide feedback. We'll either share on our CRM where you will have access to upload contents and view the status of the project or we will share on Dropbox, Google Drive folder, or Github repository or development site with you and we'll have regular, possibly daily contact.

If, at any stage, you change your mind about what you want to be delivered and are not happy with the direction our work is taking you'll pay us in full for the time we've spent working with you until that point and terminate this contract. Our per hour rate for a designer is \$35 and the developer is \$49.

Text content

Unless agreed separately, we're not responsible for inputting text or images into your content management system or creating every page on your website. We provide professional copywriting and editing services, so if you'd like us to create new content or input content for you, we can provide a separate estimate for that.

For this specific project, you will be providing us the content that includes headings, page names, and sub-heading, and of course, our experts will be helping you through the whole process.

Graphics and photographs

You should supply graphics files in an editable, vector digital format. You should supply photographs in a high-resolution digital format preferably in .png format with transparent background. If you choose to buy stock photographs, we can suggest stock libraries. If you'd like us to search for photographs for you, we can provide a separate estimate for that.

HTML, CSS and JavaScript

We deliver web page types developed from HTML markup, CSS stylesheets for styling, and unobtrusive JavaScript for feature detection, polyfills, and behaviors.

Browser testing

Browser testing no longer means attempting to make a website look the same in browsers of different capabilities or on devices with different size screens. It does mean ensuring that a person's experience of a design should be appropriate to the capabilities of a browser or device.

We test our work in current versions of major desktop browsers including those made by Apple (Safari), Google (Chrome), Microsoft (Edge), Mozilla Firefox, and Opera. We'll also test to ensure that people who use Microsoft Internet Explorer 11 for Windows get an appropriate experience. We won't test in other older browsers unless we agreed separately. If you need an enhanced design for an older browser, we can provide a separate estimate for that.

Mobile browser testing

Mobile browser testing Testing using popular smaller screen devices is essential in ensuring that a person's experience of a design is appropriate to the capabilities of the device they're using. We test our designs in:

iOS 9: Safari, Google Chrome Android: Google Chrome on Android Emulator

We won't test in Blackberry, Opera Mini/Mobile, specific Android devices, Windows, or other mobile browsers unless we agreed separately. If you need us to test using these, we can provide a separate estimate for that.

Technical support

We're not a website hosting provider for this specific project so we don't offer support for website hosting, email, or other services relating to hosting. You may already have professional hosting and you might even manage that hosting in-house; if you do, great. If you don't, we can set up an account for you at one of our preferred hosting providers or at one of our sister companies. We can set up your site on a server, plus any statistics software such as Google Analytics and we can provide a separate estimate for that. Then, the updates to, and management of that server will be up to you.

Future Development

We make sure when we develop a website we make it responsive and interactive. For this specific project, we will follow the oriented development methodology so in the future if you want to add more features like a web admin panel, search engine optimizations, or other plugins then you will not need to redesign your whole website. But we can not guarantee or take any liability if any other company or individual rejects to work on this website or demands to develop a website from scratch. Every development company or individual has its own coding methodologies and coding techniques and it's not easy to alter or modify other's work. We always make sure to use industry-standard programming techniques and languages for better performance and future support.

Search engine optimization (SEO)

We don't guarantee improvements to your website's search engine ranking, but the web pages that we develop are accessible to search engines. But we do provide SEO services and we can provide a separate estimate for that if you are interested.

Changes and revisions

We don't want to limit your ability to change your mind. The price at the beginning of this contract is based on the number of weeks or days that we estimate we'll need to accomplish everything you've told us you want to achieve, but we're happy to be flexible. If you want to change your mind or add anything new, that won't be a problem as we'll provide a separate estimate for those additional weeks or days.

Legal stuff

We'll carry out our work in accordance with good industry practice and at the standard expected from a suitably qualified person with relevant experience.

That said, we can't guarantee that our work will be error-free and so we can't be liable to you or any third-party for damages, including lost profits, lost savings, or other incidental, consequential or special damages, even if you've advised us of them.

Your liability to us will also be limited to the amount of fees payable under this contract and you won't be liable to us or any third-party for damages, including lost profits, lost savings, or other incidental, consequential or special damages, even if we've advised you of them.

Finally, if any provision of this contract shall be unlawful, void, or for any reason is unenforceable, then that provision shall be deemed severable from this contract and shall not affect the validity and enforceability of any remaining provisions.

Phew.

Intellectual property rights

Just to be clear, "Intellectual property rights" means all patents, rights to inventions, copyright (including rights in software) and related rights, trademarks, service marks, get up and trade names, internet domain names, rights to goodwill or to sue for passing off, rights in designs, database rights, rights in confidential information (including know-how) and any other intellectual property rights, in each case whether registered or unregistered and including all applications (or rights to apply) for, and renewals or extensions of, such rights and all similar or equivalent rights or forms of protection which subsist or shall subsist now or in the future in any part of the world.

Blimey.

First, you guarantee that all elements of text, images, or other artwork you provide are either owned by your good selves or that you've permission to use them. When you provide text, images, or other artwork to us, you agree to protect us from any claim by a third party that we're using their intellectual property.

We guarantee that all elements of the work we deliver to you are either owned by us or we've obtained permission to provide them to you. When we provide text, images, or other artwork to you, we agree to protect you from any claim by a third party that you're using their intellectual property. Provided you've paid for the work and that this contract hasn't been terminated, we'll assign all intellectual property rights to you as follows:

You'll own the website we design for you plus the visual elements that we create for it. We'll give you source files and finished files and you should keep them somewhere safe as we're not required to keep a copy. You own all intellectual property rights of text, images, site specification, and data you provided unless someone else owns them.

We'll own any intellectual property rights we've developed prior to, or developed separately from this project and not paid for by you. We'll own the unique combination of these elements that constitute a complete design and we'll license its use to you, exclusively and in perpetuity for this project only, unless we agree otherwise.

Displaying our work

We love to show off our work, so we reserve the right to display all aspects of our creative work, including sketches, work-in-progress designs, and the completed project on our portfolio and in articles on websites, in magazine articles, and in books.

Payment schedule

We're sure you understand how important it is as a small business that you pay the invoices that we send you promptly. As we're also sure you'll want to stay friends, you agree to stick tight to the following payment schedule.

One time advance payment of \$1,000.00

Payment will be due at the time of signing this contract.

We issue invoices electronically. Our payment terms are 7 days from the date of invoice by our CRM system. All proposals are quoted in [USD] and payments will be made at the equivalent conversion rate at the date the transfer is made.

You agree to pay all charges associated with international transfers of funds. The appropriate bank account details will be printed on our electronic invoice. We reserve the right to charge interest on all overdue debts at the rate of [percentage] per

But where's all the horrible small print?

We both agree that we'll adhere to all relevant laws and regulations in relation to our activities under this contract and not cause the other to breach any relevant laws or regulations.

Although the language is simple, the intentions are serious and this contract is a legal document under exclusive jurisdiction of the United States includes territories and territorial waters.

You can read our terms and conditions here <https://dashboard.meertech.net/terms-and-conditions> and you can find our privacy policy here <https://dashboard.meertech.net/privacy-policy>.

This is an Electronic Contract and should be signed as instructed.

Everyone should sign and keep a copy for their records.

Authorized Signature
